

## NORRIDGE SCHOOL DISTRICT 80

# DISTRICT 80 SCHOOL BOARD NEWSLETTER

## SCHOOL BOARD

### What it is. What it does.

The board of education, also called the school board, is a unit of local government that establishes direction, goals, and priorities for a school district and determines policy, budget, leadership, and administration.

The Board of Education consists of seven elected or appointed officials who each serve a four-year term. These are unpaid, volunteer positions. Board elections are held during the month of April as part of the consolidated election cycle in odd numbered years.

## EMAILS TO SCHOOL BOARD

Board members regularly read through their emails and it is important to note that lack of immediate action or a direct response following your message does not imply a lack of interest in what is being shared..

As are reminder, for a school concern, the best place to begin is with those directly involved: The teacher for a student-related or classroom concern for example, or the principal regarding a school regulation or practice. If the first point of contact is unclear, contact the district office for guidance on the appropriate chain of command.

## MEMBERS OF THE SCHOOL BOARD
